

Maths

Adding prime

Hettie had a challenge for her friends.

She asked, "Can you make square numbers by adding two prime numbers together?"

Olly had a think.

"Well, let me see... I know that $4 = 2 + 2$. That's a good start!"

Have a go yourself. Try with the squares of the numbers from 4 to 20.

Speedy tables

Can you complete them all in time?

x	5		7	2		10	6		8	12	1	4
3		9			27							
6		18					66					
4					36							
8							88
