Dear Parents/Carers,

We are excited to inform you that our school is going to be taking part in the Healthy Minds Project. Healthy Minds is a whole school approach to emotional wellbeing and is developed by Sheffield CAMHS and schools. Colleagues from CAMHS will support the whole school community in providing training, support and advice, supporting and developing the work that is already taking place in school.

Over the next few weeks we are going to be asking all members of our Woodthorpe Community to answer a questionnaire related to how everyone feels about how emotional wellbeing is supported within the school community.

We would like to invite you as parents to complete the survey below. This is completely anonymous. Opinions from both staff and children are also going to be collated. The outcomes of these will help to inform an action plan which we will then implement over the next twelve months.

We would really appreciate you taking just a few moments to complete the survey. Children from Y2-Y6 will be invited to complete theirs in school.

We know that the last twelve months have been incredibly challenging for many in our community. We hope that through this project, we can enhance the offer we already give and continue to support the health and wellbeing of our Woodthorpe Community.

Thank you as always for your continued support,

Kind Regards,

Dave Smith (Headteacher)
