

Can we win the human race? Autumn 1

In **Geography** we will be learning how diet across the world may affect land use patterns over time, how countries are inter-connected and inter-dependent based on imports and exports of foods and how global warming is affecting locations around the world.

In **RE** we will be learning to compare the lifestyles of different faith groups and give reasons why some people within the same faith group adopt different lifestyles.

Star Words

obesity/obese	interconnected
evolution	interdependent
adapt/adaptation	circulate/circulatory
characteristics	sedentary

In French we will be learning to read, write and say basic conversational phrases.

In **D.T.** we will be learning to measure ingredients accurately, and develop a range of baking and cooking techniques to prepare a variety of healthy meals.

In **Science** we will be learning how repeated exercise affects resting heart rate, the main parts of the human circulatory system and we will also be identifying how plants and animals are adapted to suit their environment, and how this may lead to evolution.

In Music we will be learning to use standard musical notation and to read and create notes on the musical staff through playing the ukulele.

Linking our Learning

Maths: Ratio and proportion for scaling recipes.
Line graphs used in science.

English:

Writing instructions for a healthy recipe.
